# MY PERSONAL MESSAGE

**“ BLIND SPOTS UNCOVER  
OUR HIDDEN TRUTHS  
AND CAN GIVE US THE  
POWER TO ACHIEVE  
MONUMENTAL RESULTS**

Hi I am Likky Lavji, I am an ambassador for helping organizations, leaders and people discover their blind spots. What you may not know is blind spots uncover our hidden truths and can give us the power to achieve monumental results.

Through the span of my speaking and leadership career, I have created a reputation of being known as “The Blind Spot Navigator”. After years of being an entrepreneur, I discovered the uncanny truth about people and leaders who are meant to be inspired and those who were meant to be exceptional leaders.

When we think of great company's we see a talent pool of people who love the work they do and feel a purpose to be there.

It's leaders who have inspired them to be their best. Leaders are not born, they are made. They are critical thinkers, great communicators and have a passionate desire to unleash their teams' talent.

Great leaders are willing to look in the mirror and ask 3 simple questions:

1. How are my personal **BLIND SPOTS**, those actions and behaviors impacting the people I lead?
2. Am I a **TRUSTED** leader?
3. How can I truly inspire people to be the best version of themselves?

If you develop 1 and 2, 3 becomes natural.

**EVERY HUMAN HAS THE  
ABILITY TO UNLEASH  
THEIR HIDDEN TALENTS.  
EVERY ORGANIZATION  
HAS THE RESPONSIBILITY  
TO HELP THEIR PEOPLE  
ATTAIN THEIR **HUMAN  
POTENTIAL**.**
